

## The 17<sup>th</sup> Rocky Mountain Interventional Endoscopy Course 2022 Winter Webinar: Organ-Preserving Interventional Endoscopy

- 7:15-7:25 am**      **Welcome and Introductory Comments**  
Course Directors: Raj J. Shah, MD and Sachin Wani, MD
- 7:25-7:35 am**      **Conceptualizing Organ-Preservation Interventional Endoscopy**  
Raj Shah, MD

### Session I – Pancreas Moderator: Raj J. Shah, MD

- 7:35-7:55am**      **Advances in Endotherapy for Management of Obstructive Chronic Pancreatitis**  
Carlos Robles-Medranda, MD
- 7:55-8:15 am**      **Mucinous Cystic Neoplasm Management – Surveillance, Ablation or Surgery**  
John Dewitt, MD
- 8:15-8:35 am**      **Cannulation Techniques and Interventions to Prevent Post-ERCP Pancreatitis**  
Marianna Arvanitakis, MD
- 8:35-9:20 am**      **Video Review and Panel Discussion**
- 9:20-9:30 am**      **Break**

### Session II– Biliary Moderator: Anna Dulooy, MD

- 9:30-9:50am**      **Management of Biliary Anastomotic Strictures**  
Prabhleen Chahal, MD
- 9:50-10:10 am**      **Contemporary Approach to Treatment of Complex Biliary Stones**  
Andrew Wang, MD
- 10:10-10:30 am**      **Interventional EUS in the Minimally Invasive Management of Cholecystitis**  
Mohan Ramchandani, MD
- 10:30-11:15 am**      **Video Review and Panel Discussion**
- 11:15-12:15 pm**      **Break Option: Virtual Meeting with the Exhibitors**

### Session III – Colorectal Moderator: Steven A. Edmundowicz, MD

- 12:15-12:35 pm**      **Updated Guidelines in the Management of Large Colon Polyps: From Inspection to Resection**  
Doug Rex, MD
- 12:35-12:55 pm**      **Latest Advances in Devices and Endoscopic Resection Techniques in the Colon**
